

INT. STRIP CLUB

Jackee looks at Tray and smiles as he stands there with a stack of bills in his hand, but he relectant to throw it her way. She adjusts her breast to make sure they're looking right then she walks towards him.

JACKEE

What you waiting for?

Him licking his lips is his only response.

JACKEE (CONT'D)

I noticed you noticing me and I like love the attention. A big strong man like you... you're just the type that I like to wrap my legs around. How much do you have in your hand?

HIM

\$500. But it's for groceries.

JACKEE

Would you rather have your wife's cooking tonight or would you rather eat with me? Or would you rather, eat me? \$500 ain't normally enough to get more than a dance, but I like you. You do like me to right?
